

How to succeed in Chemistry

Examination Board—Edexcel <https://goo.gl/DVt76N>

Assessment is by two externally marked one hundred and five minute papers. Available at either Higher(9-5) or Foundation(1-5) tier. This course leads to a GCSEs in Chemistry.

Topics covered include: Properties of the Elements, Bonding, Reactions and Energetics, Fuels and Earth science, Extracting metals and equilibria and Qualitative Chemical Techniques.

Textbook ISBN 9781292120218

Attendance & Attitude, make sure your child attends school on time and values their lesson time. Every day lost reduces your child's chance of achieving their best.

Study buddy, show an interest in their topics, help with homework (but not doing it for them) and testing them when they ask you.

Adviser, help your child break tasks down so that they are manageable, keeping an eye on progress and celebrate achievements.

Project manager, agree the rules for homework and revision.

Revision guides, can also be purchased from the Science Department, ISBN **9781292131894** (Foundation) or **9781292131924** (Higher).
