

# How to succeed in Combined Science

Examination Board—Edexcel <https://goo.gl/U2wNjc>

Assessment is by six externally marked seventy minute papers. Available at either Higher (9-5) or Foundation (1-5) tier. This course is a double award, the final grade is determined by their overall performance in all six papers.

Topics covered include: Plant and Animal cells, Genetics, Health and Disease, Properties of the Elements, Bonding, Reactions and Energetics, Motion, Forces, Electromagnetism and Atomic Models.

Textbook ISBN 9781292120195

**Attendance & Attitude**, make sure your child attends school on time and values their lesson time. Every day lost reduces your child's chance of achieving their best.

**Study buddy**, show an interest in their topics, help with homework (but not doing it for them) and testing them when they ask you.

**Adviser**, help your child break tasks down so that they are manageable, keeping an eye on progress and celebrate achievements.

**Project manager**, agree the rules for homework and revision.

Revision guides, can also be purchased from the Science Department, ISBN **9781292131597** (Foundation) or **9781292131634** (Higher).
