

How to succeed in GCSE PE

Examination Board - AQA - <http://www.aqa.org.uk>

Students will be assessed practically which accounts for 40% of the course. This is broken down into 10% performance analysis and 30% practical sport based assessments.

Students will also have two written external examination which will account for 60% of the course, and this takes place in May/June of Year 11

Topics covered across the course include; applied anatomy and physiology, movement analysis, physical training, sports psychology, socio-cultural influences and health, fitness and wellbeing

ISBN - 0198370253

It is expected that all students are **punctual** to lesson and have full equipment - this includes PE kit for practical sessions.

Homework must be complete and on time.

Regular assessments will take place practically and theoretically, students must achieve a '**grade 5**' in each assessment - retakes will be compulsory for students that drop below this standard.

All students will need to participate practically in at least **one extra curricular** activity throughout the year.

Parents can support learning by ensuring regular revision takes place weekly.

Check planner regularly for homework

The PE department have a full subscription to Kerboodle, which includes a full copy of the course book and has great revision material and short activities students can access. <https://www.kerboodle.com>

Students will be provided with log on details at the beginning of the course

Revision Guide - ISBN 1782945318—Complete Revision and Practice

Past papers, PowerPoints and additional revision materials are available on the school shared drive - it is recommended that all students sign up to remote access.
