To Care. To Learn. To Achieve

Tuesday, 30 June 2020³^d July

Dear Parent/Carer,

SIMS Parent App

Thomas More uses a paperless approach to communicating between school and parents/carers. This means that virtually all school correspondence will be sent to you via the SIMS Parent App and/or email. The benefits of this are that:

- Communicating with home directly via the app/email is far more reliable and faster. Letters and notifications are less likely to be lost or missed.
- We will be able to provide a greater frequency of information, keeping parents better informed.

The SIMS Parent App provides the fullest access and we strongly encourage you to download it once you have activated your account. You can access the SIMS Parent App from a smartphone (iOS or Android), tablet or PC – anytime and anywhere. The information that you receive through the app will help you to stay up-to-date with your child's school life as well as support your child's development and progress. What you will find in the SIMS Parent App:

- Important information such as attendance and timetables (including exams).
- School term dates, INSET dates and contact details available at the click of a button.
- Access to update your contact details, so we always have the most up-to-date information in case of emergency.
- All school communication such as letters, text messages and notifications relating to your child/children.
- Your child's progress tracking reports (these will also be sent via email).
- If you have more than one child at school, you will have access to information for all your children, from the same app.

You will receive an activation email from noreply@sims.co.uk containing a unique invitation code sent to the email address we have recorded for you. Simply click on the link in the email from your tablet, PC or smartphone to activate your account. Please note that your activation email is unique to you and should not be used by anyone else. If you require an additional login then please contact schooloffice@tmore.org.uk and a new one can be sent. Your activation email will expire if it is not used; please contact the above if you require a replacement. If you do not receive an email please check with the school office that the contact details we hold for you are correct.

The attached documents explain more about how to register and how to get started with the app.

Yours faithfully,

Dr J Brushwood
Data Manager
