

THE LUNGS WORKSHEET

1. Label the diagram

- Trachea,
- Alveoli,
- Bronchi,
- Bronchioles,
- Ribs,
- Diaphragm,
- Lung
- Heart

2. Use a text book to find the function of the Lungs, the Diaphragm and the Alveoli (Air sacs).

| Part | Function |
|-----------|----------|
| Lungs | |
| Diaphragm | |
| Alveoli | |

- Describe what is meant by, 'inhale' and 'exhale'.
- Which gas do we breathe in?
- Which gas do we breathe out?
- The lung on the left side is a bit smaller than the lung on the right. Why do you think this is?
